Subject: Release of Info - Economic Emergency Measure Order

FYSA

After much internal discussion and with our partners at OPP and OPS, a decision has been taken to publicly release the data related to actions taken under the Economic Emergency Measure Order. We understand the need for transparency and have factored the public release into our operational plans. A press conference is scheduled for 3:00 PM where this information will be shared. As has been the practice to date, Interim Chief Bell will speak on behalf of the OPP, OPS and all policing partners engaged in dealing with the Ottawa situation. As we did yesterday, we will forward the media lines to PCO who can share with all DMs and their communications leads for amplification. We will also make them available for media.
